Memorandum

To: Renters of Liberty County Solid Waste Authority C&D Containers
From: Liberty County Solid Waste Operation Manager
Subject: Construction/Demolition Container Agreement

The Liberty County Solid Waste Authority appreciates the opportunity to be of service to you. The construction/demolition container you have rented is placed at your business location with the following understanding:

- a. The authority assumes no liability for damages occurring to underground or overhead facilities/utilities during container placement or removal.
- b. If the container is overloaded or loaded in such a fashion that retrieval cannot be accomplished, it becomes the renter's responsibility to unload or rearrange the load.
- c. Materials will not be placed in the container which will overhang the container sides or ends.
- d. Materials placed in the container will be no higher than the height of the container walls.
- e. Damages to the container resulting from improper loading, movement of the container by means other than the service truck will be repaired by the Authority and charged to the renter. For example, concrete or heavy metal dropped into the container which punches a hole in the floor or walls, packing the waste and springing the side-walls which cause the rear gate not to latch, running into the container with a bucket loader and piercing the container skin or damaging a support column or the gate. If damages are sustained to the container, the authority has the right to repair the damages, bill for the repairs and terminate the provisions of the service agreement.
- f. Disposal charges are calculated based on current tipping fees at the disposal facility and are based on the net weight of the waste in the container. Disposal fees will be paid following the first pull and return of the container unless a service contract or other agreement has been established by the renter with the Authority. A service fee of \$87.55 is incurred each time the container is pulled for disposal.
- g. An "idle fee" of \$20.00 per week is incurred, by the renter, if the container is not serviced during a seven day period following initial placement or return of the container. Seven day period does include weekends.
- h. Payment in full is due within two weeks of statement date. If payment is not received within 30 days of the statement date, the matter is subject to be turned over to a debt service agency.

THE WASTE GENERATED IN CONTAINER WILL BE \$ 41.91 PER TON

Please complete the following. Your signature indicates your understanding for these conditions. Thank you for allowing us to be of service. Please call if we can be of further assistance.
